## **Calhoun Technology Park - South Site LA SHPO Letter of Site Recommendation**

Re: Revised Draft Phase I Report

La Division of Archaeology Report No. 22-5996

*A Phase I Cultural Resources Survey within the Proposed Calhoun Technology Park, Ouachita Parish, Louisiana*

Dear Paul Jackson:

We acknowledge receipt of your letter dated December 12, 2018 (received December 17) and two copies of the above referenced report that was submitted as Due Diligence. This letter is for preliminary, informational purposes only and does not constitute consultation or agency coordination with our Office as defined in 36 CFR 800: "Protection of Historic Properties" or by any state regulatory process. The recommendation stated below could change once the responsible federal and/or state agency initiates consultation with our Office. Consultation with the State Historic Preservation Office is not a substitution for consultation with Tribal Historic Preservation Offices, other Native American tribes, local governments, or the public. We have completed our review of this report and have the following comments to offer:

In the abstract, please list out each of the structure numbers (or range of numbers) that were evaluated and are included in the Calhoun Agricultural Center.

If the proposed project were to require federal permits, licenses, funds, loans, grants, or assistance for development, we would recommend to the federal or state agency or agencies that archaeological site 16OU418 and structures 37-02567 through 37-02580 are not eligible for nomination to the National Register of Historic Places, and that no historic properties will be affected by this undertaking. Our office has no further concerns for this project.

The State Historic Preservation Office will provide the above recommendation regarding historic properties and effects to them at this project location if a federal agency initiates consultation.

We look forward to receiving one bound copy (printed double sided) and one pdf of the final report. If you have any questions, please contact Andrea McCarthy at [amccarthy@crt.la.gov](mailto:amccarthy@crt.la.gov) or 225-342-9164 in the Division of Historic Preservation or Emily Dale at the Division of Archaeology at [edale@crt.la.gov](mailto:edale@crt.la.gov) or 225-219-4596.

Sincerely,

Kristen Sanders,  
State Historic Preservation Officer
